After years of JS coding it still cracks me up when I mistype
"onclick" event as "onlick". Touch devices should def have it.

Anybody else getting there late for @techcrunch RDU ?
Damn Bug fixes

Chip Burris @ChipBurris · 6 jul. 2012

Anyone know a contact who really knows the different .NET open source CMS packages out there ?

Chip Burris @ChipBurris · 5 jul. 2012

Ok this is getting frustrating. Is there a small scale .NET CMS out there that gets that content and pages are NOT the same thing ?
